Summary

Driven MCA student specializing in Software Engineering, expected to graduate in 2026. Eager to apply my foundational knowledge and skills to contribute to innovative projects. I am passionate about the tech industry and am excited to kickstart my career journey.

Experience

Jun 2025 - PRESENT

Full-Stack Developer

As a Full-stack Development Intern at intern (Internship, 2025-Present), I am focused on developing and maintaining web applications. I leverage my skills in full-stack technologies to create user-friendly and efficient interfaces. My responsibilities include writing clean, well-documented code and collaborating with the development team. I am committed to contributing to innovative projects.

Education

2021 - 2023

University of Kota

Graduation • Bachelor Of Arts • Computer

2024 - 2026

Modi Institute of Management & Technology, Kota

Post Graduation • Master Of Computer Application

I am pursuing my MCA (2-year) in Software Engineering at the Modi Institute of Technology, Kota, with an expected completion in 2026. This postgraduate program has equipped me with a robust understanding of software development principles and practices. I am eager to apply my knowledge and skills to contribute to innovative projects within the software engineering domain.
